LISTE DU SERVICE CIVIL

*PRINTED BY ORDER OF PARLIAMENT*

OTTAWA  
J. DE LABROQUERIE TACHÉ  
PRINTER TO THE KING'S MOST EXCELLENT MAJESTY

1919

[No. 30—1919.]

## INTRODUCTION.

The present edition of the Civil Service List is the first issued by the Civil Service Commission under the provisions of the Civil Service Act 1918. Some slight changes and additions have been made which it is believed will make the List more useful and complete. The Departments have been arranged alphabetically, the Table of Contents extended and amplified, the Index carefully revised and a tabulated summary added which will show approximately the total strength of the Service as it stood on April 1, 1918. From this it will be noted that in addition to 4,147 names in the permanent inside service and 18,593 in the permanent outside service there were at that date 6,324 temporary inside and 12,555 temporary outside employees, making a total of 41,619. To this again may be added some 13,000 rural postmasters, all of whom are under the jurisdiction of the Civil Service Commission and indubitably a part of the personnel of the Service. Thus a grand total of 54,619 is arrived at, and this may be accepted as the approximate strength of the Civil Service of Canada on April 1, 1918.

It should be borne in mind, however, that during April and May several hundred "Season" appointments are made which are not included in the above totals, so that through the summer and early fall the numerical strength of the Service is augmented to that extent.

## INTRODUCTION.

La présente édition de la liste du service civil est la première publiée par la Commission du service civil sous l'autorité de la loi du service civil de 1918. Quelques légers changements et additions ont été faits qui rendront la liste plus complète et plus utile. Les ministères ont été disposés par ordre alphabétique, la table des matières allongée et amplifiée, l'index revu avec soin et un sommaire disposé en tableau ajouté lequel montrera approximativement le nombre total d'employés au service au 1er avril 1918. On remarquera qu'en plus de 4,147 noms dans le service intérieur permanent et 18,593 dans le service extérieur permanent il y avait à cette date 6,324 employés à titre temporaire au service intérieur et 12,555 au service extérieur, un total de 41,619. A cela il faut encore ajouter environ 13,000 maîtres de poste ruraux, qui tous sont sous la juridiction de la Commission et font indubitablement partie du service. On arrive ainsi à un grand total de 54,619, et on peut considérer ce chiffre comme constituant approximativement la force numérique du service civil du Canada au 1er avril 1918.

On ne doit pas oublier, toutefois, qu'au cours des mois d'avril et de mai il se fait plusieurs centaines de nominations à des positions de saison qui n'apparaissent pas dans les totaux donnés ci-dessus, de sorte que durant l'été et le commencement de l'automne la force numérique du service est augmentée d'autant.

## STATISTICAL SUMMARY OF PERSONNEL.

*Showing approximately the numerical strength of the Inside and Outside Service, Permanent and Temporary on April 1, 1918.*

NOTE.—The figures hereunder are only to be accepted as approximately correct. The dividing line between the Inside and Outside Service has always been more or less arbitrary, and the purpose or value of any such distinction so problematical that the classification now in course of preparation contemplates abolishing this feature altogether. So also as regards permanent and temporary employment. There are hundreds in the Public Service who have been regularly and uninterruptedly employed therein for a number of years who are still technically "temporary" employees. These conditions make it practically impossible in many cases to make other than an arbitrary classification, but the total in each department and the grand total of the whole Service may be accepted as substantially correct.

It should be further noted that during April and May hundreds of season appointments are made in the Departments of Agriculture, The Interior, Marine, Naval Service, Public Works, etc. Few of these employees are actually at work on April 1st, and are not included in this statement.

## SOMMAIRE STATISTIQUE DU PERSONNEL.

*Montrant approximativement le nombre d'employés à titre permanent et d'employés à titre temporaire au service intérieur et extérieur, au 1er avril 1918.*

Avis.—Les chiffres ci-dessous ne doivent être considérés qu'approximativement exacts. La ligne de démarcation entre le service intérieur et extérieur a toujours été plus ou moins arbitraire, et les fins ou l'utilité d'une telle distinction si problématiques que l'on se propose de faire disparaître tout à fait cette distinction dans la classification actuellement en cours de préparation. On peut aussi dire la même chose de l'emploi permanent et temporaire. Il y a des centaines de personnes au service public qui ont été employées régulièrement et sans interruption depuis des années et qui techniquement parlant sont encore des "employés à titre temporaire". Ces conditions font qu'il est pratiquement impossible dans bien des cas de faire plus qu'une classification arbitraire, mais le total dans chaque département et le grand total de tout le service peuvent être considérés comme substantiellement exacts.

Il faut aussi se rappeler qu'au cours des mois d'avril et mai des centaines de nominations à des positions de saison sont faites aux ministères de l'Agriculture, de l'Intérieur, de la Marine, du Service Naval, des Travaux publics, etc. Il n'y a qu'un nombre restreint de ces employés au travail au 1er avril et ils ne sont pas inclus dans ce sommaire.
